

My name is Jordan Foster. I am currently a senior in the Nurse Anesthesia Program at the University of Saint Francis. I graduated with my BSN from Saginaw Valley State University in Saginaw, Michigan, in 2015. Before anesthesia school, I worked in a neurotrauma ICU.

A little more about me, I am getting married next weekend to my fiancé Madison. We have a three-year-old dog that is a lab/pit mix named Jerzie. In my free time, I enjoy golfing and watching baseball. One of my top bucket list goals is to travel to all 30 major league baseball stadiums.
